N.C. VASUKI  
DIRECTOR

December 31, 1975

Mr. Jim Hall  
Environmental Control  
E. I. DuPont de Nemours & Company, Inc.  
Newport, Delaware 19804

Dear Mr. Hall:

Confirming our telephone conversation this morning, we have not received your report on the hydrogeologic flow system and the ground-water quality at the DuPont Newport Plant landfill site. We are awaiting the information under headings II and III in the monitoring plan proposal Jerry Schwartz sent to Michael Apgar June 11, 1975.

I do not understand what has delayed this project, as I understood that your hydrogeologist was doing the work and not the environmental coordinator. As this information is long overdue, I urge you to push for the completion of the project in the next few weeks. We expect to receive your report by February 1.

Sincerely,

*Ronald N. Stoufer*

Ronald N. Stoufer  
Geohydrologist  
Water Supply Section
